- Text friends & family who live nearby to request that they fill bags.
- Distribute bags to people you know in your community.
- Hand out bags in front of a supermarket and ask people to fill the bag as they are shopping.
- Request that employees in your parents' workplace fill bags.
- Use social media to create awareness about your food drive.
- Put a personal note inside the bag explaining why you want to help people who are hungry.
- Offer personal pick-up times when someone can text you to pick up their bag.
- Distribute bags and letters to homes in your neighborhood and pick up the bags after 9am on pick up day.
